PASSWORD	
A password is needed to enable you to cancel false alarms received at the alarm receiving centre due to misoperation. Your password should be easily remembered (by both yourself <i>and</i> all authorised keyholders who may need to cancel a false alarm) but it should be kept secret and not left displayed in any public place, eg. next to the alarm keypad . The password can be numbers or letters up to 12 characters in length and can be changed later by advising Panther Security in writing.
